

Name:

Headline of article under review:

---

How is this evolutionary event connected to the event you researched?

---

---

---

---

What is one piece of evidence from the article that proves to you that this is a distinct evolutionary event? What sets it apart from other events?

---

---

---

---

Imagine that you are a scientist. What else are you curious about that is related to this article? Finish the sentence. I am more scientifically curious about...
